What's this?

- KazMSA is an independent Association of Medical Students of Kazakhstan

KazMSA mission

- *KazMSA brings together Kazakhstan's medical students to promote positive impact on the communities we serve. KazMSA represents the interests and opinions of the country's medical students in the field of Global Health, working together with external partners. KazMSA is building a platform for training, projects and exchange opportunities, providing cultural difference in ensuring the health of the future.*

principles

- The Association does not tolerate political, religious, social, racist, Nazi, sexual or other types of discrimination;
- The association works to promote the creation of ideal medical students and the creation of responsible future doctors;
- Providing cultural, scientific and educational support, the Association represents the interests of medical students.

Goals

- Consolidation and coordination of medical students in Kazakhstan to promote the social prestige of the medical profession, medical and pharmaceutical workers in Kazakhstan;
- Participation in the formation of a young generation of specialists in all fields of medicine;
- Promotion of cooperation with students and young doctors from other regions and other associations;
- Promotion of medical students and young doctors in obtaining practical skills and theoretical medical knowledge;
- Assistance in creating a modern, competitive Kazakhstan with an effective system of national health care and medical education.

Goals

- Creation and implementation of established scientific, educational and educational programs and youth projects by the current legislation;
- Cooperation with universities, research institutes of Kazakhstan and foreign countries;
- Development of ideas of humanity and medical ethics;
- Development of ideas for a healthy lifestyle among young people.

Participants

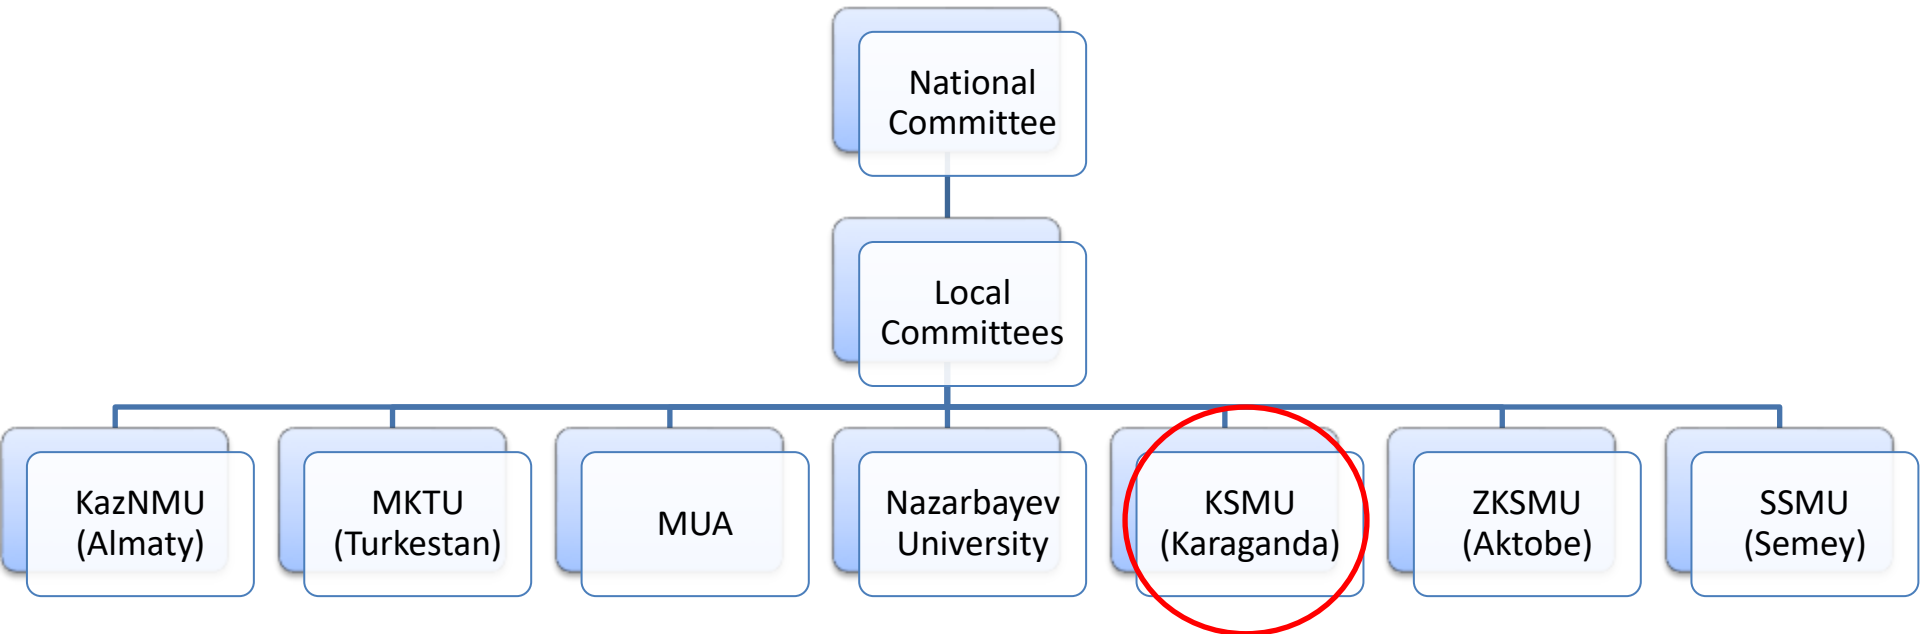

- The association is based on individual and honorary membership. Membership in the Association is voluntary.
- Individual members of the Association must be citizens of Kazakhstan, as well as medical students studying in the country and willing to work in the activities of the Association.

Participants

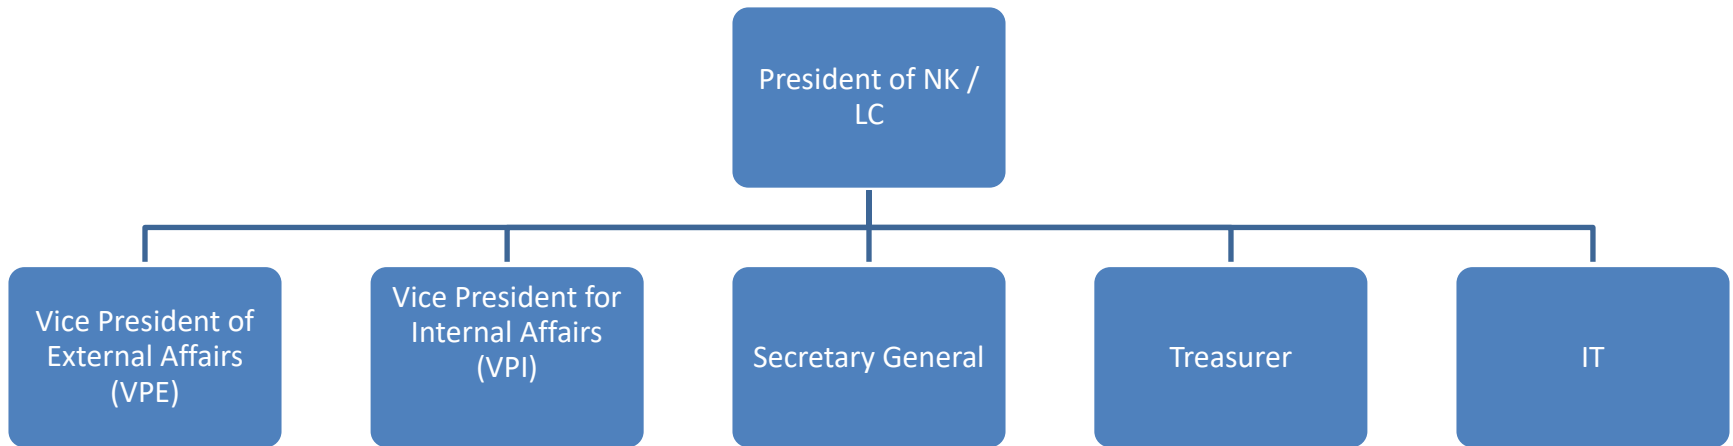

- The title of "Honorary Member" may be awarded to a member of the Association for outstanding service to the organization. The title is elected by an absolute majority of votes of the members of the National Assembly by open vote.
